

Assessment of Reflection

	Depth and Detail	Evidence	Targets
Gold	<p>The reflection shows a thoughtful and honest reflection about the learning that has taken place.</p> <p>You have confidently and honestly reflected in detail about your own strengths and weakness during the project.</p>	<p>In your reflection you have supported all of your claims by using specific examples and evidence.</p> <p>You provide sufficient samples of your work to support your comments and to demonstrate learning and progress.</p>	<p>Clear, specific and realistic goals for the next project have been set. There is a clear explanation of how you are going to develop these targets.</p>
Silver	<p>The reflection shows a general reflection on the learning that has taken place.</p> <p>There is some comment on your own strengths and weaknesses during the project but this is not always developed.</p>	<p>You have provided some evidence in your reflection but not all of your comments or claims are supported.</p> <p>There are some examples of your work but they do not always demonstrate your progress or they are not reflected on in detail.</p>	<p>Targets have been set for the next project but these are not always clear, specific or realistic. There is not a clear explanation as to how the targets will be met.</p>
Bronze	<p>The reflection is not very detailed and shows limited reflection on the learning that has taken place.</p> <p>The comments made are quite general and there is little comment about your own strengths and weaknesses during the project.</p>	<p>You have made claims but have very limited specific examples or evidence.</p> <p>You have not included or referred to specific examples of your work.</p>	<p>Very vague targets have been set for the future. Targets are not relevant nor based on the reflection.</p>
Below Standard	<p>Very limited detail</p>	<p>No evidence</p>	<p>No targets set</p>
