

COPS 21st Century Curriculum

November 27th

'Outstanding Outlines!'

- *The Planning Document!*
- *Key questions answered!*
- *Go forth and collaborate!*

ANSWERS

The Pitch

- The dates set last week are available to you IF your year group is ready.
- Please let me know by Monday 2nd if you are NOT going to take up the option so I can re-jig supply.
- Pitch Presentations will still need to be made before 20th December.

ANSWERS

School Aims

- The COPS School Aims is a working document.
- Reviewing the School Aims could become a standing item in any subsequent Curriculum Meeting.

ANSWERS

School Aims Coverage

- We should aim for all the school aims covered in any academic year. This offers seven years (six, discounting the EYFS) in which children get regular experiences of these aims.

ANSWERS

The 'Outline Plan'

- This is the agreed name for the planning document.
- IMPLEMENTATION: 2013-4 is a transitional year - a chance to experiment and plan new ideas without the time pressures of immediate change. As such, we prepare these a term in advance BUT you are not OBLIGED to teach them this year...you can always fall back on the existing plans.

ANSWERS

The 'Outline Plan' Template

- COPS School Aims form purpose (circles draggable)
- 3 R's integral
- Overview box gives context – blurb for the pitch!
- No weeks. No straight-jackets. Just sequence of learning activities.
- NC 2014 can be added pre or post-pitch.
- LOs optional in Outline for pitch but compulsory post-pitch.
- Not saved centrally until after pitch...WOW Factor!

11th December Meeting

- How about a Science & Geography session similar to the History one?
